SOAR will be done this year using a one-on-one approach with virtual being preferred. Jenny discussed the series of emails that will be sent to students that will be used to guide them through advising, registration, payment and housing. Rocket Launch will be postponed this year due to COVID-19. Jenny will send an email to all employees providing an update of the Team's work.

Wayne and Jenny will update the action plan for John Grant to report to the state. The group agreed that we prefer to have an in-person visit with John as opposed to a virtual visit.

The welcome form has been set up in FormStack. First year housing students will be the group who will complete the form. It was agreed that faculty will be informed the information collected for the housing students. Faculty will also be notified that if they would like information regarding specific students. This contact will be done through fall faculty meeting. Jodi Eppinette will send email reminders to faculty throughout the semester. Kim will create the folders and files on the server for students. All Dream Team members will be given access to the shared folder.
